

CALL FOR PRESENTATIONS: 61st ANNUAL SCIENTIFIC ASSEMBLY (ASA) APRIL 11 – 13, 2019 RBC CONVENTION CENTRE

The Annual Scientific Assembly's reputation for providing practical medical education and taking on the hot topics has made the ASA Manitoba's premier conference for Family Physicians.

Presenters at the ASA have risen to the challenge to prepare timely, evidence-based presentations for family physicians in Manitoba. If you have a special interest in the following disciplines, or would like to share your expertise on a subject that is important to family medicine, then submit an abstract for consideration as a presenter at the ASA

**Women's Health ★ Medicine & Therapeutics ★ Mental Health
Musculoskeletal ★ Geriatric Health**

Specifically, we are looking for:

- 15 or 20-minute presentations, pertaining to family medicine or family practice management;
- Evidence-based material that is clinically focused;
- Answers a specific medical question;
- New concepts in the delivery of medicine or challenging innovations in medicine.

Would you prefer to facilitate a small group workshop? We are also accepting presentations for workshops of at least one hour on the above themes for **Saturday, April 13th, 2019.**

Abstract submissions can come from individuals or a group of colleagues could submit up to three different presentations on one of the themes.

HOW TO SUBMIT A PRESENTATION ABSTRACT

It's easy! Simply click the link below and fill in the form.
